

Constellation Brands

September 18, 2012

Constellation Brands is happy to announce that once again, Wheels Clipper has earned the prestigious Core Carrier Award for their exceptional service in the shipment of our wine and spirits throughout the domestic United States! A multiple year winner of this award, Wheels Clipper continues to provide service at a very high level lead by a group of senior executives at Wheels Clipper called 'the brain trust'. This includes Walt Whitt, Vince Smith, Al Sikora and Terry Armstrong, supported by a host of dedicated people in their home office in Woodridge IL with Debra Wiora as Lead Account Representative.

Quick responses to rate inquiries, available capacity, load tenders, and reporting provide information nearly as quick as a click when requested, allowing Constellation to make timely decisions and get shipments moving to their distributors. Additional capacity above and beyond their awarded lanes, especially on Saturdays when Constellation is shipping large quantities, aids in their ability to serve Constellation needs.

Discussions about Wheels Clipper always refer to them as the little engine that could. They are not a large intermodal provider for Constellation, but they act nimbly and with our business always in the forefront, always asking, "what else can we do for you" or suggesting ideas to assist. Their ongoing, year-after-year support (regardless of the amount of business awarded) is top notch and greatly appreciated.

The Constellation Brands Transportation Management Team thanks you for your service and congratulates you on achieving Core Carrier status.

Sincerely,

Rod Dutton
Director of Transportation Management
